

=== Weekly Team Report (Team 12: Capsule) ===

Week 9 (Summary) (Scrum master: Nathan Schneider)

4/15/24	5 hrs	28d6ee2c	Collected training data for machine learning model and created feature vectors from data
4/16/24	3 hrs	28d6ee2c	Trained ML model and exported it in ONNX format
4/16/24	1 hr	62b4e15	Modified the styling of the bottom navigation bar
4/16/24	1 hr	178293a	Fixed the styling for how the newly created capsule is displayed on the photos page
4/16/24	5 hrs	73f304dc	Added sharing functionality
4/17/24	5 Hours	2d25fd10	Finished spotify implementation
4/17/24	3 hr	fe086ee	Modified swipe functionality. Swipes are now a side-swipe transition instead of a transition.
4/17/24	5 hrs	3025ccae	Integrated the model into our server so that it uses the model to intelligently pick images
4/18/24	3 hr	093d7cc	Fixed styling on the moments, history, and storyboard page to better show the created capsules.
4/18/24	2 hr	adcf251	Fixed styling on the editing page so that it used percentages instead of absolute values on width and height. This makes sure that it works on other phones.
4/18/24	3 hrs	ea4f5b4d	Organized GitHub Documentation
4/19/24	5 Hours	95bea5cf	Styling modifications

Week 10 (Plan) (Scrum master: Nathan Schneider)

[Meetings]

4/23 Work together on planning the final presentation and make some slides for the presentation

4/24 Run through our plan for the final presentation

[Individual Goals]

Nathan: Learn how we will do the presentation such as sharing screens etc

Peter: Make a plan for content in the presentation

Kevin: Make a slide dock for the presentation

Evan: Make a plan for content in the presentation
