

=== Weekly Individual Report (Team 12: Time Capsule) ===

Name: Peter Henwood

Week 1 (Summary)

Date	Time	Commit	Summary
02/12/24	2 Hours		Team meeting, downloaded necessary softwares, and started researching and setting up git, web server, MongoDB and react-native
02/15/24	2 Hours		Research for react-native, how components work, how a screen is set up
02/17/24	4 Hours	3a6c6ad	Started creating friend page, finished a preliminary
02/18/24	4 Hours	c7239b4	Cleaned up preliminary code, and finalized friends page

Notes: This week I had a very poor understanding of git and react native, as it is my first time working with react native and second time working with git. In the future I will be sure to commit more, to give a better understanding of my contributions and time for the project.

Week 2 (Plan)

Date	Time	Summary
02/22/24	4 Hours	Create Story and History Pages UI
02/24/24	4 Hours	Begin working on functionality of friends, history, and story pages
02/25/24	4 Hours	Continue working on functionality of friends, history, and story pages
